

Thank you for providing an MS-SLP applicant evaluation to the Medical University of South Carolina. The insight you provide is a valuable part of our admissions review process. To standardize the use of evaluations we would like to expand on the reference ratings already included in the CSDCAS application and allow you to include additional comments within this form, in leu of a traditional letter of reference. Please, upload this to the CSDCAS evaluator system as your additional document. We hope that these efforts will be a time saving change for evaluators, as well.
