

Medical University of South Carolina
College of Health Professions

Speech-Language Pathology Orientation 2023

Goals for Orientation

- To facilitate the transition to graduate school and student life at an academic medical center.
- To gain understanding of the support services available to students to enhance their educational experience.
- To ensure that students have fulfilled or are in compliance with university policies & requirements.
- To begin building connections and relationships with faculty and students.
- To orient students to their academic program.
